

MasseysHacks V

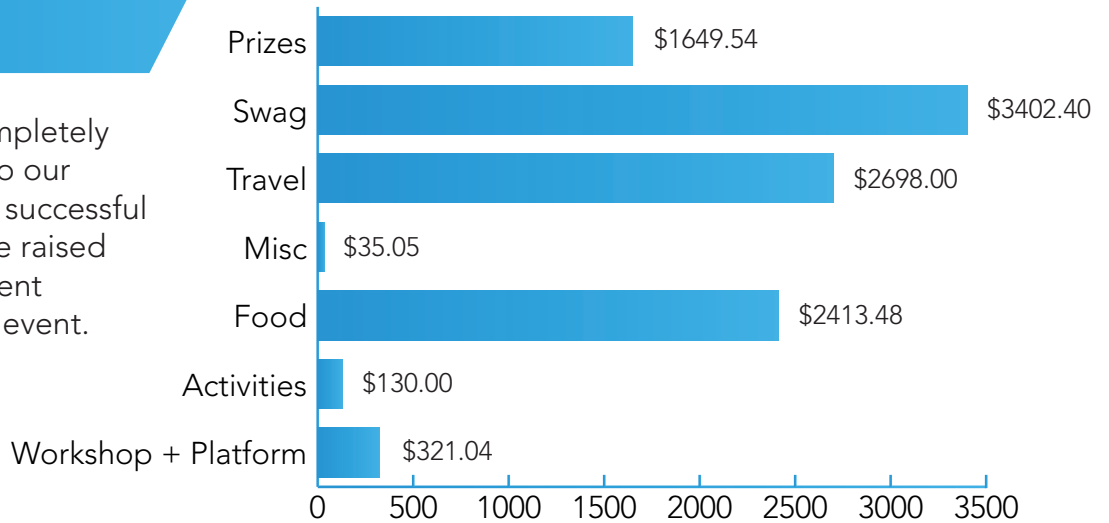

Transparency Report
2018 - 2019

Overview

MasseyHacks V, Canada's largest MLH-certified high school hackathon, was held on March 23rd to 24th, 2019 at Vincent Massey Secondary School. During the 24 hour event, 211 hackers from Ontario and Michigan gathered to create innovative projects.

Budget

MasseyHacks V was completely free to attend. Thanks to our generous sponsors and successful fundraising activities, we raised \$11,653.00 CAD and spent \$10,649.15 CAD for the event.

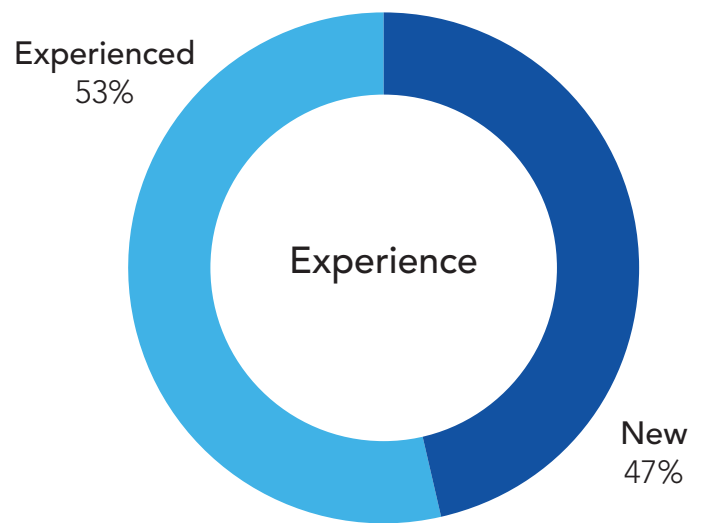

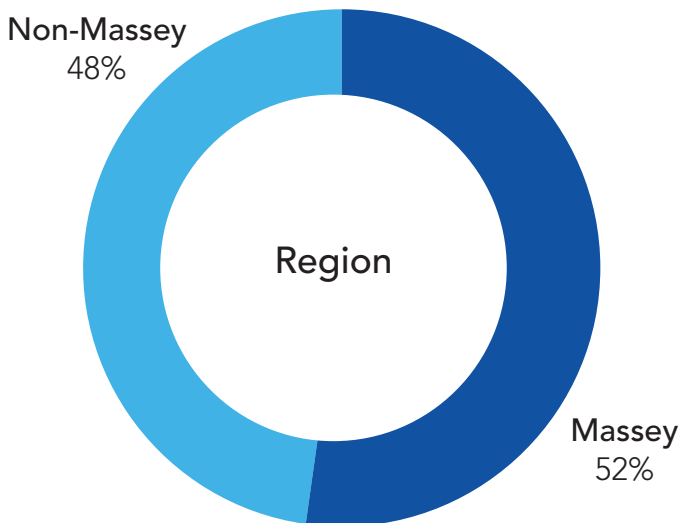

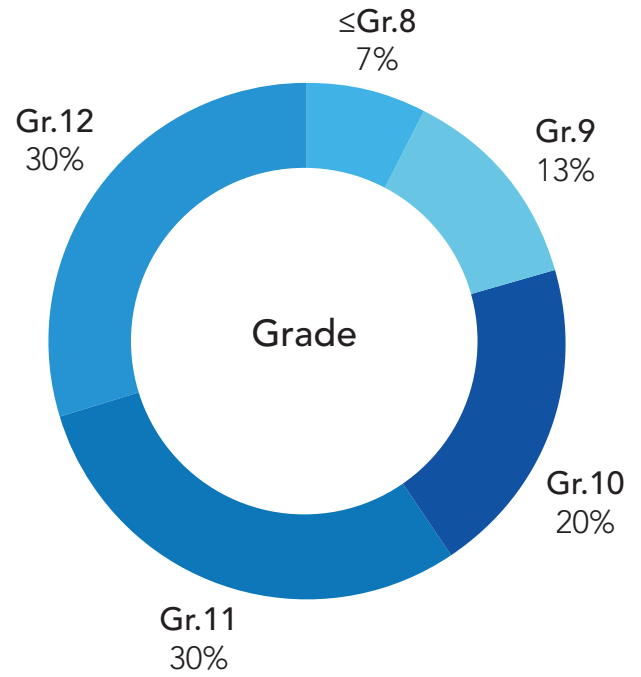

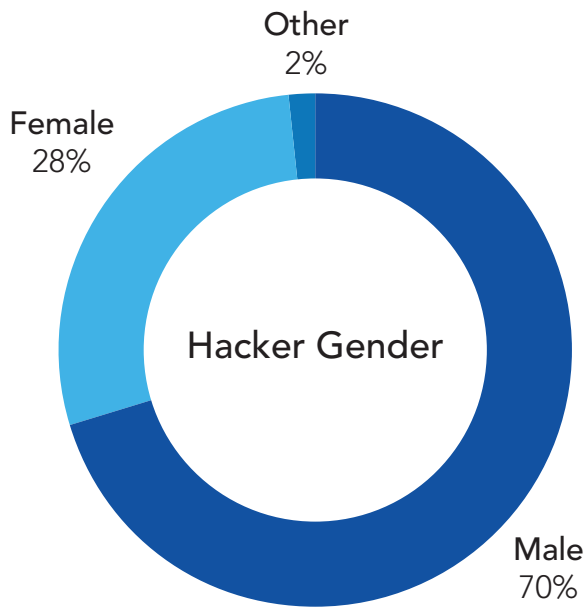

Workshop/Mentor

There were 18 mentors at the event to help hackers with any technical issues they had with their projects. Seven workshops were set up for the hackers: Python Crash Course, Front-end Web Development, 3D-Printing, Firebase, Vim, Git/GitHub, and Intro to Deep Learning.

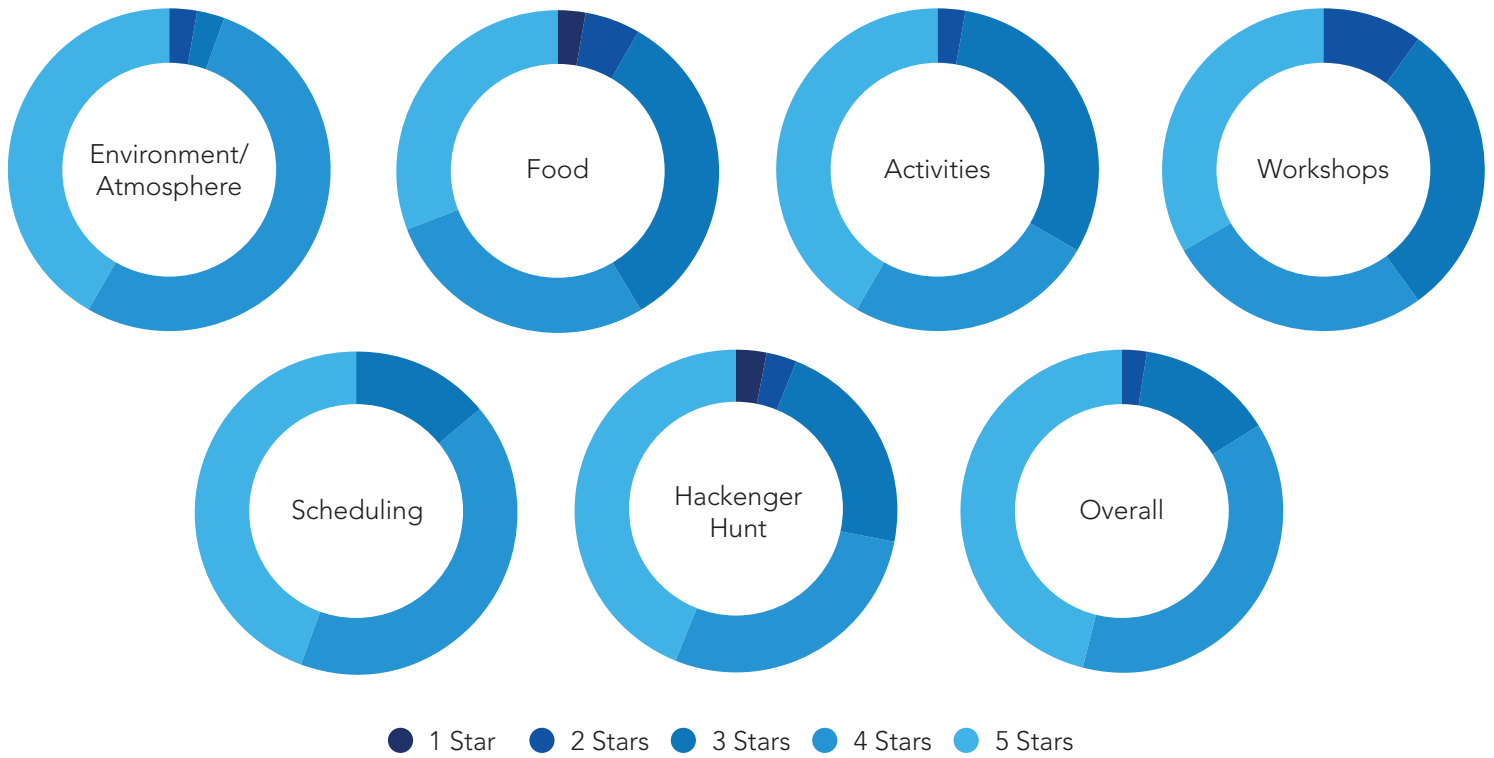

Hacker Projects

Our hackers continued to surprise and impress us with their projects. We had nearly 40 submissions, all of which can be found at <https://masseyhacks5.devpost.com/submissions>.
